Miss Sally A. Tutt is home from
Campton, where she has been going
to school for quite a while.

Our singing school at the bridge
will be continued for 10 Saturdays
and Sundays, with Rev. John Wil-
son as teacher.

J. M. Taylor, of this creek, has a
job of weatherboarding and paint-
ing the Devil's creek school house,
and is now doing the work.

Billy Wells, whom I mentioned
a few weeks since as being at Lex-
ington undertreatment for his eyes,
has returned home with his sight
greatly improved.

Quite a crowd from this creek
attended the Wesleyan academy
entertainment at Campton Wed-
nesday and Thursday nights, and
all report a good trip and time.

B. D. Rose, who took his former
wife and left this creek for parts
unknown, has returned with his
wife and has got her at home now
with him as his presiding wife at
this time. They say they went to
Wisconsin and saw a great deal

a fine buggy as they came back
through Mt. Sterling.

T. F. Dunn, who left here some
time ago and enlisted in the Third
U. S. cavalry, has been moved from
Fort Ethan Allen, Vermont, to
Jefferson Barracks, Mo. He was
kicked on the leg by a horse on the
25th of April, and has been in the
hospital ever since, but thinks he
will be able to duty in a few days.
He says he likes soldier life and is
well satisfied. He saw the gunboat
Nashville pass where he is, and that
it fired 21 shots as it passed.

Lee City Friday, moving back from
Illinois, where he has lived for some
time. He will make this his home.

Capt. Bros passed through town
Friday en route to Pin Hook. He
bought 1,000 white oak trees of L.
E. Rose on the home farm and con-
tracted for all the grain and hay
he had to spare, which is a pretty
good sign that his road is coming.

I notice in the Daysboro news
that something like a blind tiger is
there. I think it must have been
scared away, for I saw something
of the kind on our streets Saturday
morning. It has caused much ex-
citement but I think the good citi-
zens will soon roast him out.

eggs, he set her on a white door
knob, where she set three months,
hatching a Waterbury watch which
was already wound up, and when
it struck it struck 13 times.

HAZEL GREEN, KY.

THURSDAY, : May 25, 1899

FOR GOVERNOR,

P. WAT HARDIN,
OF HARRODSBURG.

+ANNOUNCEMENTS.+

For State Auditor.

We are authorized to announce JOHN B. CHENAULT, of Madison county, a candidate for Auditor of Kentucky, subject to the action of the Democratic convention in 1899.

The Democratic state convention to nominate state officers will be held at Louisville on Wednesday, June 21, not quite one month from today. The situation as now presented, and we speak, of course, of the gubernatorial race, is just this, Mr. Hardin is by far the favorite candidate, and it looks like he will be able to organize the convention and be nominated on the first ballot. We have read the news from all parts of the state, and this is the conclusion. Were all precincts like this of Hazel Green, where there is only one avowed adherent for Mr. Stone and where Mr. Goebel has none, it is plain to be seen that Mr. Hardin would be accorded the nomination by acclamation. But few sections of the state, however, are so substantially Democratic as is Hazel Green, though the martyred hero of 1895 now has a following all over the state that makes his future indeed bright. That trickery will be resorted to in the coming convention to thwart the will of the people is as plain as the handwriting on the wall, and Mr. Hardin's friends must be prepared to combat all kinds of chicanery. The people are against bossism, and the people are Mr. Hardin's most ardent admirers. Wherever he has opposition it will be found that it is from the politicians, who hope to defeat him because they despair of debauching him. If there be in Kentucky today a man who is absolutely incorruptible that man is Gen. P. Wat Hardin, the people's candidate for the Democratic nomination for governor, and the people will see to it that he gets the place.

HON. JOHN B. CHENAULT, accompanied by his cousin, Courtland P. Chenaunt, of Montgomery county, was here Sunday, en route home. He has been in Floyd, Johnson and Magoffin counties for a week past, and is well pleased with his prospects. Mr. Chenaunt has made a thorough canvass of the state, and thinks he will be able to capture the nomination for state auditor without a wrangle. Mr. Chenaunt is one of the best equipped men for the position to which he aspires that can be found in the state, and being nearer to us, geographically considered, than any other of the aspirants to auditor he should, and we believe will, receive the delegate vote of every county in the Tenth Congressional district. Indeed it is plausibly probable that he will get the vote of every county in Eastern Kentucky, and we hope he may do so.

Written for THE HERALD.
"THE MERRY MAY."

Oh, the merry May has pleasant hours,
And dreamily they glide,
As if they floated like the leaves
Upon a silver tide.
The trees are full of crimson buds,
And the woods are full of birds,
And the waters flow to music
Like a tune with pleasant words.
The verdure of the meadow-land
Is creeping to the hills,
The sweet, blue-bosom'd violets
Are blowing by the rills;
The lilac has a load of balm
For every wind that stirs,
And the larch stands green and beautiful
Amid the sombre firs.
There's perfume upon every wind,
Music in every tree,
Dews for the moisture-loving flowers—
Sweets for the sucking bee;
The sick come forth for the healing south,
The young are gathering flowers,
And life is a tale of poetry
That is told by golden hours.
If 'tis not a true philosophy,
That the spirit when set free
Still lingers about its olden home,
In the flowers and the tree,
It is very strange that our pulses thrill
At the sight of a voiceless thing,
And our hearts yearn so with tenderness
In the beautiful time of spring.
—[LIZZIE L. LONG.]

THERE being now no doubt that Wolfe county is for Gen. P. Wat Hardin for governor, C. B. Hill for secretary of state, John B. Chenaunt for auditor, and Wilbur F. Hager, (a native of Magoffin, but now at Ashland), for treasurer, it follows that the delegates from this county should go to the state convention instructed to cast the vote of this county for them and to use every honorable means to secure their respective nomination. To these might be added that of Hon. Tobias Gibson for commissioner of agriculture, and so on throughout the list of candidates as they develop as choice of the county convention. By going instructed they can do more good—aye, much more—than to go uninstructed. Let us thus show these gentlemen that we are not half-hearted in our friendship, and by our magnanimity demonstrate that the Democracy of old Wolfe is true to its tenets.

NELSON C. WADDILL, who some four years ago was a valued adjunct of this office, is now editor of the Center News, published at Center, Indian Territory, and is making it an up-to-date Democratic weekly. Mr. Waddill is a proficient printer, and the mechanical get-up of the News shows that his hand has lost none of its cunning in the art preservative. THE HERALD hopes him a long and prosperous career in his new field, along with others of his friends in this section, and this week places the News on exchange list.

THE Owenton News thinks Mr. Goebel will prove a poor third. It says: "If the News had the faintest idea that Mr. Goebel would be in the race, we might pay our respects to some of Urey Woodson's vapors. But the poor, would-be political dictators are doomed to an inglorious defeat, for the people are awake and will allow no bossism this time. Goebel will be a bad third, and though they may count and prophesy about all the slick ones being for him, it will 'cut no ice.'"

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. MOORE, South Burgettstown, Pa. For sale by J. T. Day.

R. D. Motley last week sold his farm, 123½ acres in the Consolation neighborhood, to Thomas Lee for \$1100. The improvements consist of a small dwelling, good barn and other moderate outhouses, a good orchard, etc. The price is considered a good one.

S. R. Collier may be found at Hazel Green from May 28 to June 4, prepared to do all kinds of dental work, such as extracting teeth and making teeth. Gold fillings a specialty. All work guaranteed. I mean what I say. Remember his stay is short, and if you need his services you had better call at once. His work is his recommendation. His charges are reasonable.

After 14 year of honest toil, it looks as though all our work must spoil WITHOUT SALT TO SAVE IT. Just walk up and lay a dollar down, and I'll be a happy man in town!

Some 20 or 25 years ago a gentleman of this place was elected constable, and although he had no opposition his nervousness as to the result was quite noticeable all during the day. After the polls closed and he was declared elected, he hid himself to the river bank, in the meantime having armed himself with an old pepper-box pistol, one of the earliest patterns of the revolver, and shortly after was heard to go through this colloquy with some one unseen. Pointing his pistol at a sycamore tree he exclaimed in dignified and dramatic style:

"Halt! I am constable of this district, and command you to halt! You wont, eh? Well, here goes—bang! I hate to do it but it is in the discharge of my official duty. Now I told you to stop but you wouldn't"—bang! Just then the old pepper-box became unmanageable and bang! bang! bang! bang! went the remaining four loads. The firing soon attracted a crowd and the tree was thus saved. But, notwithstanding the episode of the sycamore and the scars it still shows, the gentleman is said to have made a good officer, and the incident was only recalled the other day when "our man about town" was nosing around for news.

Mr. Cooper: I noticed in the columns of the dear old HERALD of last week where I had begun a 5-months' school at this place. I wish to inform the many readers that it is a false report. I am here to teach only a week for this reason: Last fall my fuel gave out. Having notified the trustees, and receiving none I dismissed, and by request I came back to teach another week.

The editor of the Farm Journal asks: "Why have a mortgage on the farm, poor crops, rheumatism, sour bread, grip, leak in the roof, hole in the pocket, skeleton in the closet, or any other pain or trouble, when you can get the Farm Journal for the balance of 1899 and all of 1900, 1901, 1902 and 1903, nearly five years, by paying a year in advance for THE HAZEL GREEN HERALD? This you can do if you are not too late. Call at this office and get a sample copy."

As an evidence of the efficacy of advertising we note that John M. Rose, of this place, one day last week sold a handsome bill of goods to Bell Kash, who lives near Ezel. Mr. Rose says he is so far mighty well pleased with the results, that his trade has been beyond his most sanguine hopes. Mr. Rose carries a first class stock and shows his appreciation of the trade by inviting the people's patronage.

The Eagle, King of All Birds, is noted for its keen sight, clear and distinct vision. So are those persons whose eyes Sutherland's Eagle Eye Salve for weak eyes, styes, sore eyes of any kind or granulated lids. Sold by all dealers at 25c.

If you want anything in the photographic line I will be pleased to receive your orders. I also carry a nice line of frames and sell them at the lowest prices possible. Come and see my work. Very truly, &c., M. B. TAYLOR, Hazel Green, Ky.

G. B. Maloney and wife, of Lee City, paid our office a pleasant call last Thursday. Mr. Maloney is the silversmith at that place and he tells us that his advertisement in THE HERALD has brought him quite a good trade.

THEMES OF THE PAST.

I've written on lovely women,
And seen them in my dream;
I've painted the fairest lily
That decks the mountain stream.

I've mused upon the battle-field,
And seen the heroes brave;
And dwelt on odes upon the dead,
Within the silent grave.

I've sung of nature's grandest scenes
And lovely works of art;
Of oceans, seas, and foreign lands
Where beauty could impart.

I've mused upon the widow's cot,
And viewed misfortune there;
I've gazed the richest palace door
And seen its golden glare.

For temperance I have tuned my lyre,
And plead for true reform;
On politics I don't write much,
For that I wasn't born.

Sometimes I range above the clouds
To Neptune, Venice, Mars;
And the prettiest theme of all my song
Is of the beautiful stars.

Now, one thing more before I close,
I've missed one beautiful art;
In jettison down so many things,
I forgot my true sweetheart.

Women Should Know It.

Many women suffer untold agony and misery because the nature of their disease is not correctly understood. They have been led to believe that womb trouble or female weakness of some sort is responsible for the many ills that beset woman-kind.

Neuralgia, nervousness, headache, puffiness or dark circles under the eyes, rheumatism, a dragging pain or dull ache in the back, weakness or bearing down sensation, profuse or scanty supply of urine with strong odor, frequent desire to pass it with scalding or burning sensation, sediment in it after standing in bottle or common glass for 24 hours, are signs of kidney and bladder trouble.

The above symptoms are often attributed by the patient herself or by her physician to female weakness or womb trouble. Hence, so many fail to obtain relief, because they are treating, not the disease itself, but a reflection of the primary cause, which is kidney trouble.

In fact, women as well as men are made miserable with kidney and bladder trouble, and both need the same remedy.

Dr. Kilmer's Swamp Root is the great discovery of the eminent kidney and bladder specialist, and is easy to get at any drug store for 50 cents or \$1.

To prove its wonderful merits you may have a sample bottle and book telling all about it, both sent absolutely free by mail. Kindly mention THE HAZEL GREEN HERALD and send your address to Dr. Kilmer & Co., Binghamton, N.Y.

COMMERCIAL CONVENTION.

The Second Annual Meeting to be held in Louisville, Monday and Tuesday, May 29th and 30th, 1899.

TO THE CITIZENS OF KENTUCKY:

The undersigned, appointed as an executive committee at the first annual convention of the state of Kentucky held in May, 1898, were authorized to call the second annual convention at such time and place in the month of May, 1899, as they judged best. The committee held a meeting March 18, and unanimously agreed upon holding this convention in the city of Louisville, Monday and Tuesday, May 29th and 30th.

The purposes for which this convention is called should enlist the interest of every Kentuckian. It is solely for the promotion of the material welfare of our commonwealth. It is strictly non-political. All of our citizens are now invited to come together to take counsel as to how best promote Kentucky's material interests in all of its branches—whether agricultural, financial, manufacturing, mercantile, mining or timber. Other states are taking similar action—the state of Tennessee has recently held her second state industrial convention; Georgia has held her first and one is now called in the great state of New York. By united effort and friendly counsel, good will certainly result.

The program for the convention has been partially prepared. The subjects chosen for discussion are of practical and general importance. Distinguished speakers from different sections of the state have been invited to and will introduce these subjects, and every one present will be invited to take part in the discussion to follow. The full program will be announced later, as soon as the invited speakers have all been heard from.

It is proposed, as last year, to publish a journal of this convention. The publication of the proceedings of the last has been distributed widely, and has been of service to Kentucky.

The local committee of entertainment are arranging plans to make the visit of delegates pleasant in every way. The transportation committee will arrange with the railroad and steamboat companies for reduced rates of fare.

The mayor of every town and city in the state, and the county judge of every county will be formally requested to attend and to name list of delegates to represent with themselves their respective towns and counties.

Each industrial association in the state, viz: Agricultural, financial, manufacturing, mercantile, etc., is entitled to one vote and their hearty co-operation is requested.

Every newspaper will be invited to send a representative who will be entitled to all the privileges of the floor, and, in addition, all other good citizens are most cordially invited to be present at the sessions of the convention.

Let us make a united effort to keep Kentucky abreast of the most enterprising and favored of the states of the union. Let us come together to discuss the best use to make of the advantages which we possess, and give out the informa-

tion as to those advantages to the whole country, so that the knowledge may redound to her prosperity—an increase in her wealth, and in thrifty population.

The executive committee asks of every newspaper in the entire state the publication of the foregoing address. We all recognize the powerful influence of the press for public good, and its co-operation is earnestly invoked to make this state convention in every way a success. Respectfully,

JOHN W. YANKEE, Chairman.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. For sale by J. T. Day.

OUR BUSHTON BUDGET.

A Wolfe County Boy, Visiting the Broom-Corn Center, Tells of the People and Sends Us Democratic Doggerel.

Corn planting is the order of the day.

J. J. Hill will plow 77 acres of land this year.

Tom Day said he struck it easy when he hit John Mason's riding plow.

Curtis Pieratt, of Charleston, has been sick for a few days, but is now much better.

Hurrah for the HAZEL GREEN HERALD, Joseph P. Rose and P. Wat Hardin.

Curtis Pieratt, of Bushton, says Uncle Sam wants him to work for about three years.

Marion Toliver was heard to say a few days ago, "Boys, these are the biggest bottoms I ever saw."

There will be a great deal of broom corn planted this year. It is now worth \$110 per ton here, and still going up.

Well, this is a fine country. Everything looks well here now; looks like people might live. But, then, if I had THE HERALD to read it would satisfy my mind more. I will be back in Kentucky in time to make my cross under the rooster's feet.

There is a man on Lacey creek,

Most everybody knows;

He is a perfect gentleman;

His name is J. P. Rose.

He won the nomination

Not very long ago;

He is going to be elected,

This, we know, is so.

No Rad can ever beat him,

Rest assured of that;

He is the very man we want—

A Free Silver Democrat.

And when November rolls 'round,

All Democrats will go;

And when the vote is counted

'Twill show for "Honest Joe."

There is another on the track,

And we know he is all right;

Look out, friends, I'll tell you,

He is sure to win the fight.

When the election does come off,

Then something is expected;

When once the vote is counted

Hardin will be elected.

GREENBACKS or Government Money.

At close of our Civil War in 1865, there appeared in the London Times the following:

"If that mischievous financial policy which had its origin in the North American Republic during the late Civil War in that country, should become indurated down to a fixture, then that government will furnish its money without cost. It will have all the money that is necessary to carry on its trade and commerce. It will become prosperous beyond precedent in the history of civilized nations of the world. The brain and wealth of all countries will go to North America. THAT GOVERNMENT MUST BE DESTROYED OR IT WILL DESTROY EVERY MONARCHY ON THIS GLOBE."

The famous Hazzard circular, to capitalists in New York, and the Buell Bank circular to United States Bankers, both emanating from London, and the fabulous corruption fund raised in England and Germany, estimated at \$1,500,000, were the agents that secured the closing of our mints against silver.

The "walk into my parlor" policy of England, during and since the Spanish War, is the latest evidence of English Diplomacy in shaping the destiny of the United States Government.

Notwithstanding the famine price of wheat, the Spanish War, and fabulous expenditures of money by our government during the past year, gold has increased in value eleven per cent. and all other values decreased in the same proportion.

For a thorough understanding of the money question, or silver issue, the Cincinnati Enquirer has uniformly given evidence of its ability to teach, explain and produce all facts and truth. It is a paper that ought and can be read by all classes with pleasure and profit.
